THE**DANCEFORCE**STUDIO.COM

DanceForce. **COMPANY OVERVIEW**

Our DanceForce. Company program offers a rigorous training experience for aspiring dancers. With a focus on technique, choreography, and performance skills, participants explore a range of dance styles such as ballet, jazz, musical theatre and more. Through a structured curriculum, dancers develop their artistic expression, physical conditioning, and teamwork abilities. The program culminates in captivating performances that showcase their growth and talent.

Our attendance policy for our DanceForce. Company is different than that for our general program students. Please understand that while we are sympathetic to illness, family vacation, and other outside activities, absences have an effect on the development of an individual dancer, and the advancement of the team. By signing up for the DanceForce. Company program you are making a commitment to make this team your first after-school priority and attendance will continue to be the most important part of that commitment!

Being a part of The DanceForce. Company Program requires that both dancers and their families make a full commitment to their fellow company members/families, to our studio, and to our full competitive season.

Dancers in our Company that would like more opportunities to travel with conventions and provincial competitions and specialty competitions please speak to our Directors to help accommodate your preferences.

SOLO/DUO & PRIVATES

OVERVIEW

It is highly recommended all company students consider learning a solo and/or duo each season. A solo dance class provides the opportunity to work one-on-one with a teacher who is committed to helping you achieve your goals at your own pace and in privacy. Your dance instructor has the opportunity to assess where you are and what you need. Solo/duos are an effective tool in taking your dance skills to the next level. If you are planning to do a solo/duo you must confirm by Saturday Oct 1st. Typically solos are scheduled for Sunday's throughout the dance season, there will be limited weekday times also available. Dancers must commit to practice throughout the season with their choreographer/teacher as well as practicing in-between classes at home. This will aid in the consistent improvement of the dancer.
